

## PRESS RELEASES FOR INFORMATION PURPOSES

### Design Discovery Awards (D&A) 2024 Global Dual Season Winners Revealed!

**(Winner's name/company) won the [Winner / Honorable Mention]!**

The Design Discovery Awards (D&A) is now officially unveiling the outstanding achievements of the **(Winner / Honorable Mention)** winners of the **(Winner's Name)** in the **(Category)** for the year 2024. The winners of the Design Discovery Awards (D&A) 2024 have been announced! Creative works from all over the world have stood out from the competition, becoming the benchmark of innovative design in the spotlight with their groundbreaking design concepts and diversified innovative practices. This year's awards attracted participation from 16 countries, including the United States, China, the United Kingdom, Italy, Canada, Australia, Japan, South Korea, Russia, Singapore, Poland, and Portugal, fully demonstrating the global influence of the awards and the diversity of the design community.

### CREATIVITY WITHOUT BOUNDARIES, DESIGN FOR SYMBIOSIS

As a global design awards program, the Design Discovery Awards (D&A) has always been committed to discovering creative forces that can redefine the boundaries of the industry, and for the first time in 2024, the two seasons of the awards will be combined and announced, covering the five core categories of Architecture, Interior Design, Landscape Architecture, Product Design, and Graphic Design. The award-winning works not only demonstrate the in-depth combination of creativity and aesthetics, but also inject new vitality into the global design ecosystem through cross-cultural perspectives and forward-thinking.

### INTERNATIONAL JURY: A COLLISION OF PROFESSIONALISM AND DIVERSITY

To ensure the fairness and professionalism of the awards, Design Discovery Awards (D&A) 2024 invited 14 design industry leaders from 11 countries including the United States, China, the United Kingdom, Italy,

Canada, the Netherlands, Norway, etc. to form the awards jury. Navarro (United States), Niko Kapa (United Kingdom), Misak Terzibasıyan (Netherlands), Patrizia Burra (Italy), Jean-Sébastien Bourdages (Canada), Tao Chen and Jade Lee (China), among others. The jury evaluated the works in 12 dimensions, including originality, functionality, social impact and aesthetics, focusing on how the works can respond to the propositions of the times with creativity and provide a sustainable paradigm of inspiration for the design community.
