

PRESS RELEASES FOR INFORMATION PURPOSES

Design Discovery Awards (D&A) 2025 Global Season 1 Winners Announced!

(Winner's name/company) won the (Platinum / Gold / Silver) in (Category)!

Design Discovery Awards (D&A) proudly unveils the winners of its 2025 Global Season 1 today! With great excitement, we celebrate the outstanding designers and works from around the world honored this season. We extend special congratulations to (Winner's Name/Company) for their remarkable achievement in winning the (Platinum/Gold/Silver) award in the (Category) category of Season 1! These award-winning works have distinguished themselves through groundbreaking concepts, exceptional innovation, and profound embodiment of contemporary design spirit, setting new benchmarks as pioneers in the industry.

SPOTLIGHT ON RISING TALENT: DESIGN FORCES SHAPING TOMORROW

Building on its momentum, Design Discovery Awards (D&A) continues its seasonal format in 2025, featuring Platinum, Gold, and Silver award levels. This season's winners represent the freshest creative energy emerging across the global design landscape. Their works span five core disciplines—Architecture Design, Interior Design, Landscape Design, Product Design, and Graphic Design—masterfully blending creativity with aesthetics while injecting new dynamism into the field through unique perspectives and forward-thinking solutions. (Winner's Name/Company)'s awarded project broke creative boundaries in the (Category) category, earning a well-deserved (Platinum/Gold/Silver) honor.

FAIR JUDGEMENT: SELECTING TIMELESS EXCELLENCE

All entries underwent rigorous evaluation by a jury of internationally renowned design experts and industry leaders. The judging process adhered strictly to blind review principles, ensuring impartiality and fairness across all categories. Jurors assessed works based on core criteria including innovation,

aesthetics, functionality, sustainability, and overall impact, seeking designs that respond to contemporary challenges and offer sustainable inspiration for the industry's evolution.
